

Dry sump oil pump Typ1 Typ4 & WBX

Case out of aluminum and complete CNC produce.

Shafts hardened and stored in bronze.

Gearwheel wide: Suction side 38mm and at the pressure side 26mm.

Connection thread: M22x1,5

All oil ducts are inner the pump, there are only two connection threads, so there are no changes at the motor housing!!

Price: 400,- EUR/Piece
